Commitment

CDDC meets monthly. Members are required to participate in a committee to further initiatives and support for and with people with developmental disabilities in Colorado. Committee meetings meet one to two times per month outside of the main council meeting. Special sessions may be added to vote or further the work as needed.

We Value Diverse Membership

We prioritize membership of people with disabilities, people of diverse races and ethnicities, and people from geographically diverse areas across the state. By integrating equity, diversity, and inclusion into our on-boarding processes, we benefit from the many skills and perspectives people bring to the council.

Council members are people with disabilities, family members of people with disabilities, and representatives of state agencies, non governmental agencies and private nonprofit groups for people with disabilities.

COLORADO DEVELOPMENTAL DISABILITIES COUNCIL

The mission of the Colorado Developmental Disabilities Council is to advocate for systems change by promoting meaningful person-centered participation, self-determination and inclusion for all individuals with developmental disabilities.
